Supervisor Joe Baca Jr. Teaming up with Never Stop Grinding on their Free Dental and Vision services Event.

Rialto, CA. - San Bernardino County Fifth District Supervisor, Joe Baca Jr. is joining Darious Harris, the founder of Never Stop Grinding (NSG), to host the third free dental and vision services event. This event is meant to serve those who need exams, cleanings, fillings and extraction, full eye exams and free prescription glasses, all at no pocket cost to participants. The event is open to the public and will have dentists and optometrists on site. The event will take place in Rialto on February 5th, from 8:00 a.m. until 5:00 p.m. This event is available to all those who fill out the application and receive a notification of their appointment time. Spaces are limited, so we please urge you to apply promptly as walk-ins will not be accepted. We cordially invite community members to sign up for this free dental and vision services event.

“Dental and vision health is pivotal to the quality of our lives and to our individual health. Being able to spread the word and assist those who would appreciate this free event is something I am more than ecstatic to do. Considering the recent surge of COVID-19 in our county, we will also be providing rapid COVID-19 tests to be performed before each appointment. All CDC and COVID-19 guidelines will be followed. We cannot wait to have a lot of the community come out and receive necessary dental and vision services at no cost. Again, I would like to thank Darious Harris and all at NSG for their constant support to San Bernardino County.” -Supervisor Joe Baca, Jr.

Address will be disclosed to only those who are selected to render services. Register for the event at this using this link:
