##### **Lake Gregory Update: Rick Dinon**

Dinon reported that the Lake Gregory Improvement Committee met today. The valve outlet project should be done by the end of September. There were 140 questions submitted by the Department of Safety of Dams. 1/3 are of minor consequence. Issues are related to water soaking through dam. They continue to work through that. If all stays on schedule, the dam completion is scheduled for January 2018. Dredging will begin in September and finishing in February. Includes silt basins. Total cost is 1.9 million. The Lake Management company reported a better than anticipated summer. There has been good mid-week business. Lake Elsinore is closed due to algae which has likely impacted Lake Gregory positively. The Community meeting will be moved back to October or November.

Steve Farrell asked about community input regarding the Lake Gregory contract with Cal Parks. He also asked if mercury in water is an issue.
