## CHAIRMAN CURT HAGMAN

SAN BERNARDINO COUNTY BOARD OF SUPERVISORS  
4TH DISTRICT SUPERVISOR

### A Message From The Chairman

*All of us within the County of San Bernardino are experiencing a mix of emotions as we come out of a weekend that saw both the best and worst of our citizenry. Our country is hurting right now. On one hand, we are deeply disturbed by the senseless killing of George Floyd and we can understand and support the message from peaceful assemblies across the county. But this weekend also saw people who took advantage of lawful protests to initiate terrible, senseless violence and destruction not only here in San Bernardino, but nationwide.*

*We can't adequately express our condolences for all of the pain and loss so many are experiencing. We believe in the right to peacefully assemble and we recognize that many important advances in our country have been made over the years through lawful protest.*

*Amongst the sadness, anger, and violence, I have also seen the good. Community members trying to clean up the destruction, gather donations, and offer places of refuge. Officers trying to bridge the gap between them and their communities, and government officials working with community leaders to come up with solutions.*

*We have faith in the leadership of Sheriff John McMahon, a longtime resident of the County who has been elected to his position since 2014, as well as the many city police departments in the county. We know that they will be on hand at these events to protect our citizens' First Amendment rights and to ensure our residents can safely assemble, speak out, and grieve together.*

*We are grateful for the sacrifice and efforts of all those who work to pursue justice, equality and opportunity for all Americans and thank residents who continue to reach out, speak up, and take part in worthy causes. I pray for unity amongst our communities and those affected by this tragedy.*

*#SBCountyTogether*

## **County closing at 3 p.m.; Supervisors speak out on current events**

San Bernardino County offices will close at 3 p.m. today so local law enforcement can focus on any public safety issues that may arise in the community given the unrest that has taken place locally and throughout the country.

Although there is not a countywide curfew, several cities in the county have enacted their own curfew and residents are urged to check with their own cities to determine if there are curfews.

In light of the extraordinary events of the last several days, members of the Board of Supervisors shared their thoughts and sentiments and called for peace and consideration of lives, livelihoods and property.
