Current law establishes the California Department of Tax and Fee Administration in the Government Operations Agency to administer various statutory taxes and fees, as provided. Current law provides that the Controller shall superintend the fiscal concerns of the state. This bill would, on and after January 1, 2021, but before January 1, 2026, impose a tax on a large business, defined as a for-profit, private entity that has more than 500 employees that perform any part of their duties within the state, at the rate of \$275 per employee. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. This bill contains other existing laws.

[AB 1928](#)

[Kiley R \( Dist. 6\)](#)

**Location:** ASSEMBLY L. & E.

**Employment standards: independent contractors and employees.** Current law establishes that, for purposes of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission, a person providing labor or services for remuneration is considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity’s business, and the person is customarily engaged in an independently established trade, occupation, or business. This test is commonly known as the “ABC” test. Current law charges the Labor Commissioner with the enforcement of labor laws, including worker classification. Current law exempts specified occupations and business relationships from the application of Dynamex and these provisions. Current law instead provides that these exempt relationships are governed by the test adopted in *S. G. Borello & Sons, Inc. v. Department of Industrial Relations* (1989) 48 Cal.3d (Borello). This bill would repeal those existing provisions and instead require a determination of whether a person is an employee or an independent contractor to be based on the specific multifactor test set forth in Borello, including whether the person to whom service is rendered has the right to control the manner and means of accomplishing the result desired, and other identified factors. The bill would make related, conforming changes.

[AB 2017](#)

[Mullin D \( Dist. 22\)](#)

**Location:** SENATE L., P.E. & R.

**Employee: sick leave: kin care.** Current law requires an employer who provides sick leave for employees to

permit an employee to use the employee's accrued and available sick leave entitlement to attend to the illness of a family member and prohibits an employer from denying an employee the right to use sick leave or taking specific discriminatory action against an employee for using, or attempting to exercise the right to use, sick leave to attend to such an illness. This bill would provide that the designation of the sick leave taken under these provisions is at the sole discretion of the employee.

[AB 2075](#)

[Kiley R \( Dist. 6\)](#)

**Location:** ASSEMBLY RLS.

**Worker status: independent contractors: hiring entity liability.** Would, until January 1, 2021, prohibit the application of the ABC test to determine the liability of a hiring entity for damages, injunctive relief, or civil penalties based upon the classification of workers as independent contractors, and instead would require that employer liability to be based upon the multifactor test set forth in the case of Borello. The bill would provide that its provisions apply retroactively, as specified.

[AB 2231](#)

[Kalra D \( Dist. 27\)](#)

**Location:** SENATE L., P.E. & R.

**Public works.** Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law defines "public works" to include, among other things, construction, alteration, demolition, installation, or repair work done under contract and paid for, in whole or in part, out of public funds, but exempts from that definition, among other projects, an otherwise private development project if the state or political subdivision provides, directly or indirectly, a public subsidy to the private development project that is de minimis in the context of the project. This bill would generally provide that a public subsidy is de minimis if it is both less than \$500,000 and less than 2% of the total project cost. The bill would specifically provide that a public subsidy for a residential project that consists entirely of single-family dwellings is de minimis if it is less than 2% of the total project cost.

**Location:** ASSEMBLY H. & C.D.

**Local government finance: COVID-19 Credit Facility.** Would require the Treasurer to establish the COVID-19 Credit Facility, to support cashflow borrowing by local governments, as specified, to better manage cashflow pressures created by the COVID-19 public health emergency. The bill would require the facility to assist local governments, irrespective of population size, with the purchase of newly-issued tax anticipation notes, tax and revenue anticipation notes, bond anticipation notes, and other short-term notes through the California Debt and Investment Advisory Commission. The bill would also require the facility to establish methods by which cities with populations of less than 250,000 and counties with populations of less than 500,000 may access the Municipal Liquidity Facility established by the Federal Reserve System, as specified.

[AB 2730](#)

[Cervantes D \( Dist. 60\)](#)

**Location:** SENATE G.O.

**Access and functional needs: local government: agreement for emergency management and transportation.** Would require a county, including a city and county, to enter into an agreement with an adjacent county, upon the request of the adjacent county, for purposes of permitting the adjacent county to borrow, for compensation, the county's emergency management and transportation services in the event of an emergency that requires the evacuation and relocation of the access and functional needs population in the adjacent county. The bill would provide that an adjacent county means a county within the same standard metropolitan statistical area, as established by the United States Office of Management and Budget.

[AB 2967](#)

[O'Donnell D \( Dist. 70\)](#)

**Location:** SENATE L., P.E. & R.

**Public Employees' Retirement System: contracting agencies: exclusion from membership.** PERL authorizes a public agency to contract to make all or part of its employees members of PERS, subject to specified conditions, and requires membership in PERS to be compulsory for all employees included under a contract. Current law prohibits these contracts from providing for the exclusion of some, but not all, firefighters and specified public safety officers. With regard to other groups of employees, existing law requires that they be based on general categories, such as departments or duties, and not on individual employees. This bill would delete provisions of PERL that generally authorize a public agency contracting with PERS to make all or part of its employees members of the system. The bill would generally prohibit exclusions of groups of employees from being made by amendment of a public agency contract with PERS. The bill would apply these provisions to contracts entered into, amended, or extended on and after January 1, 2020.

The bill would further make it an unlawful employment practice for any employer to refuse to grant leave to care for a child, spouse, or parent for whom the employee is responsible for providing care if the family member school or place of care has been closed, or the care provider of the family member is unavailable, due to a state of emergency, as defined.

[AB 3373](#)

**Committee on Revenue and Taxation**

**Location:** SENATE GOV. & F.

**Property taxation: assessment appeals boards.** Current property tax law authorizes the board of supervisors of any county to create assessment appeals boards for the county to equalize the valuation of taxable property within the county for purposes of taxation, as provided. Current property tax law limits the number of assessment appeals boards that may be created within a county to 5. This bill would delete this limitation and, instead, authorize the board of supervisors to create as many assessment appeals boards for the county as it deems necessary for the orderly and timely processing, hearing, and disposition of assessment appeals.

**Location:** ASSEMBLY RECONSIDERATION

**Local government financing: affordable housing and public infrastructure: voter approval.** The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.

**Location:** ASSEMBLY 2 YEAR

**Local government: planning and zoning: wildfires.** Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the

safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after January 1, 2020, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.

**Location:** SENATE L., P.E. & R.

This bill would, until December 31, 2020, also authorize wage replacement benefits to specified workers who take time off work to care for a child or other family member, including a child or adult with disabilities, for whom the employee is responsible for providing care if that person's school or place of care has been closed, or the care provider of that person is unavailable, due to the COVID-19 virus outbreak.

**Planning and zoning: general plan: housing development.** The Planning and Zoning Law requires that the housing element include, among other things, an inventory of land suitable and available for residential development, as provided. If that inventory does not identify adequate sites to accommodate the need for groups of all household income levels, as specified, existing law requires the city or county to rezone those sites within specified periods. This bill, notwithstanding any inconsistent provision of a city's or county's general plan, specific plan, zoning ordinance, or regulation, would require that a housing development be an authorized use on a site designated in any element of the general plan for commercial if certain conditions apply. Among these conditions, the bill would require that the housing development be subject to a recorded deed restriction requiring that at least 20% of the units have an affordable housing cost or affordable rent for lower income households, as those terms are defined, and located on a site that satisfies specified criteria.
