

Employee of the Quarter SPOTLIGHT!

Director's Message

May 2018

As the summer months approach, I am reminded of how quickly time goes by, and how important it is to take the time to genuinely thank and recognize our staff for the contributions and efforts they put forth each day they come to work. At our May 2018 Quarterly Employee Recognition Ceremony, it was made clear that TAD truly has the best employees in the county! Not only do these staff consistently produce high quality work, but the anecdotes provided by their deputies demonstrated how they have great working relationships with all levels of staff and a positive influence within their district and region. I am grateful for TAD's employee recognition events because they remind us all why we chose to work in social services, help our community, make our workplace a place we want to be, and live our lives with a purpose that is greater than just 'showing up'. I am extremely proud of our honorees and their commitment to ensuring our customers receive the best customer service and attention they deserve. Congratulations to you all!
