INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors and
San Bernardino County Sheriff's Department
San Bernardino, California

We have audited the accompanying statement of grant revenue and expenditures of the San Bernardino County Sheriff's Department (Department), Anti-Drug Abuse Enforcement Team Recovery Act Program Grant in accordance with California Emergency Management Agency Award #ZA09 01 0360 for the fifteen months ended September 30, 2012. This statement is the responsibility of the Department's management. Our responsibility is to express an opinion on the statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in accordance with the California Emergency Management Agency *2011 Recipient Handbook*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of grant revenue and expenditures was prepared for the purpose of complying with the audit requirements of the California Emergency Management Agency *2011 Recipient Handbook*, as described in Note 1, and is not intended to be a complete presentation of the Department's revenue and expenditures.

-1-

In our opinion, the statement referred to above presents fairly, in all material respects, the grant revenue and expenditures of the San Bernardino County Sheriff's Department Anti-Drug Abuse Enforcement Team Recovery Act Program Grant in accordance with the California Emergency Management Agency Award #ZA09 01 0360 for the fifteen months ended September 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2013, on our consideration of the Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, awards, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

This report is intended solely for the information and use of the San Bernardino County Board of Supervisors, the San Bernardino County Sheriff's Department management, and the California Emergency Management Agency and is not intended to be, and should not be, used by anyone other than these specified parties.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors and
San Bernardino County Sheriff's Department
San Bernardino, California

We have audited the statement of grant revenue and expenditures of the San Bernardino County Sheriff's Department (Department) Anti-Drug Abuse Enforcement Team Recovery Act Program Grant in accordance with the California Emergency Management Agency (Cal EMA) Award #ZA09 01 0360 for the fifteen months ended September 30, 2012, and have issued our report thereon dated January 29, 2013. The grant was funded by Cal EMA and administered by the Department. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with the *Cal EMA 2011 Recipient Handbook*.

Internal Control over Financial Reporting

Management of the Department is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Department's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the statement of grant revenue and expenditures, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control over financial reporting for the Anti-Drug Abuse Enforcement Team Recovery Act Program Grant. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the San Bernardino County Sheriff's Department Anti-Drug Abuse Enforcement Team Recovery Act Program Grant statement of grant revenues and expenditures is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Such provisions also included those provisions of laws identified in the *Cal EMA 2011 Recipient Handbook*. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the San Bernardino County Board of Supervisors, the San Bernardino County Sheriff's Department management, and the California Emergency Management Agency and is not intended to be and should not be used by anyone other than these specified parties.
