Three people were hospitalized after attending the It's Not Dead Festival at the Glen Helen Amphitheater in Devore on Aug. 26, and one woman died outside the venue, according to the San Bernardino County Sheriff's Department.

At about 11:39 p.m., after the festival ended, deputies and fire personnel were dispatched to the parking lot for a medical aid call.

Emergency personnel located 33-year-old Bakersfield resident Bridget Marie Soto unresponsive inside a vehicle. Lifesaving efforts were immediately started, but were unsuccessful. Fire personnel pronounced Soto deceased.

Through investigation, it was determined that Soto had a ticket for the festival, but never entered the venue.

Detectives from the Central Station responded and found no evidence of foul play. The Coroner's Division will conduct an autopsy to determine the cause of death.

The weather was hot during the all-day festival, and three concert attendees were transported to local area hospitals for additional treatment regarding their medical conditions, the Sheriff's Department said.

About 9,366 people attended the music festival, which featured several punk rock bands. The Sheriff's Department made three arrests for public intoxication, said Lt. Doug Wolfe.
