PHELAN, Calif. (VVNG.com) — A woman is in critical condition after she was struck by a car Monday night.

It happened at 7:37 p.m., on September 16, 2019 on Sheep Creek Road just south of Duncan Road in the unincorporated community of Phelan.

According to the California Highway Patrol incident logs, the driver of the 2003 Volkswagen Jetta remained onscene and cooperated with officials.

A witness reported to CHP officials that the female was walking in the roadway just before the crash.

The impact caused the pedestrian to be thrown onto the shoulder.

When **San Bernardino County Fire** personal responded to the scene, they located the pedestrian suffering with major life-threatening injuries.

The pedestrian was rushed to Desert Valley Hospital.

Sheep Creek Road was briefly closed for an investigation.

No further information was immediately available.

The California Highway Patrol Victorville Station is handling the investigation.

Sheriff helicopter rescues injured hiker at Aztec Falls

San Bernardino County Sheriff's Department, Redlands Community News

Posted: September 16, 2019

A sheriff's helicopter rescued an injured hiker who fell at Aztec Falls Saturday afternoon near Lake Arrowhead.

At 5 p.m. Sept. 14, Sheriff's Aviation assisted the **San Bernardino County Fire** Department with a hiker, 52-year-old Troy Holenberger of Laguna Beach, who fell and was having a medical emergency, according to a press release. The caller told the 911 dispatcher that they were near some large rocks where people jump off into the water.

The sheriff's patrol helicopter, 40King1, responded to the area and began a search for the victim. The crew located the victim with another subject waving at the helicopter. The victim was in a canyon with large rocks and surrounded by trees.

Because of the location and terrain, 40King1 requested Air Rescue 307 to perform a hoist rescue. The crew of Air Rescue 307 lowered a medic 112-feet to the victim. The victim was placed into a rescue harness and hoisted to the helicopter. The victim had non-life-threatening injuries and was transported to a local hospital for treatment.
