16.0222 Refuse Disposal.

(a) Solid Waste Management Disposal Site Fees for Sites which Charge a Fee Upon Entrance:

Fees

(1) (A) Ordinary refuse................................................................. $47.25/ton

(B) Ordinary refuse subject to the Comprehensive Disposal Site Diversion Program (AB 939 Fee) .........................$12.00/ton

(This fee is charged in addition to the per ton gate fee set forth in Subsection (a)(1)(A) above. This fee is charged on solid waste brought to a facility at which the Comprehensive Disposal Site Diversion Program has been implemented, unless such solid waste is: waste from a franchised or permitted waste hauler (or from a city, if the city collects its citizens’ waste) and is brought in a front-, rear-, or side-loading refuse vehicle (i.e., packer truck); or waste brought from a Materials Recovery Facility or where collection or processing includes a recycling component and the waste contains only an incidental amount of inseparable recyclable materials; or waste generated by a commercial enterprise that has been reviewed and determined by the County of San Bernardino Department of Public Works–Solid Waste Management Division to be sufficiently source separated as to not contain more than an incidental amount of inseparable recyclable materials.)

(C) For loads in excess of one ton, the per ton charge shall be prorated for any fraction of a ton of the total weight of the load.

(2) Uncovered/Unsecured Loads:

To encourage the entrance into County waste facilities of loads that are
properly secured or covered pursuant to applicable State or local laws and in deflection of the additional costs incurred because of waste escaping such vehicles, loads brought to such facilities which are not properly secured or covered will be required to pay an additional Solid Waste Management Disposal Site Fee equal to the normal applicable disposal gate fee (including any applicable perchlorate add-on fee) for such waste. This will apply to both minimum and per ton loads, and also loads which would otherwise pay no gate fee, given the payment of a Land Use Fee pursuant to the provisions of Section 16.0222(c).

(b) Fee Adjustments:
Whenever use of a disposal site financed by land use fees is restricted by order of the Board of Supervisors and refuse is thereby hauled to other sites, the Board of Supervisors may permit acceptance of such refuse without charge at the receiving sites.

(c) Solid Waste Management Disposal Facility Fees:
(1) The following annual refuse disposal land use fees, based on the County Assessor's Land Use Codes, shall apply in the following areas. Where the Land Use Fee for any Use Code contains a schedule of fees based on the building size or number of dwelling units per parcel, but the relevant data base does not disclose sufficient building size or unit information to determine the correct category for a particular parcel, said parcel shall be charged as though it were the third smallest sized category if there are five or six size categories. If paid, such land use fees shall constitute, relative to ordinary refuse (excluding demolition waste, tires and hard to handle and special handling items) generated on the parcel of property for which the fee is paid, payment of the ordinary refuse per ton fee as set forth in Subsection 16.0222(a)(1), and the passenger/light use vehicle and trailer fee as set forth in Subsection
16.0222(h)(1), which may be otherwise due:

(2) The following annual refuse disposal land use fees, based on the County
Assessor's Land Use Codes shall apply in the Desert Area. If paid, such land use fees shall constitute, relative to ordinary refuse (excluding demolition waste, tires and hard to handle and special handling items) generated on the parcel of property for which the fee is paid, payment of the ordinary refuse per ton fee as set forth in Subsection 16.0222(a)(1), and the passenger/light-use vehicle and trailer fee as set forth in Subsection 16.0222(h)(1).

(4) Solid waste management disposal site fee for sites which do not charge a fee upon entrance. Disposal facility users who have not paid a disposal facility usage fee as a part of a land use fee, contract arrangement with the Solid Waste Management Division, or through refuse hauler permit fee shall pay a fee equal to the respective ordinary refuse, tires, and other fees (as applicable) as set forth in Subsection 16.0222(a), and to the extent applicable, any surcharges as set forth in Subsection 16.0222(h).

(d) Contracts with Cities or Other Users of the Refuse Disposal Sites:

Notwithstanding any other provision of this Section 16.0222, the method of calculation of the disposal facility usage fee owed by a city or any other user of a refuse disposal site may be established by written agreement between such city (or other user, as the case may be) and the County. Upon expiration or termination of any such written agreement, the disposal facility usage fee otherwise set forth in the appropriate subsection of this Section 16.0222 shall again be applicable.

(e) Septic Tank Pumping:

Any permitted cesspool septic tank pumper in San Bernardino County who disposes of authorized liquids at any approved disposal facility which is equipped to accept said liquids shall pay a fee to the Solid Waste Management Division for such disposed liquid based upon the gallon capacity of the septic vehicle. Said fee shall be $10.29 per 100 gallons.

(f) Disposal Fee:

Each refuse hauler using a County disposal facility that does not levy a fee at entry by weight, shall pay a permit fee based upon a per capita per month rate
applicable to the specific incorporated city served. Per capita rates shall be
established consistent with either:

(1) The number of Equivalent Single Family Residential ("ESFR") units
    contained within the municipal boundary and computed at the current
    ESFR rate applicable to the unincorporated area of the County
    surrounding said City; or

(2) By measured estimates of annual tonnage delivered to County landfills
    and computed at the current rate per ton charged at the refuse disposal
    site located nearest to said City.

Current California Department of Finance population estimates for each city
shall be used as a basis for determining the population of each city. Per capita
rates, when requested, shall be available only to haulers serving cities having
contract use agreements with the Solid Waste Management Division. Payment
of the permit fee shall not constitute payment of any fee required in section
16.0222 for the disposal of tires or the handling of hard-to-handle or special
handling items.

(g) Contractually Set Disposal Fee:

Notwithstanding the provisions of Subsection 16.0222(f), the method of
calculation of the permit fee set forth in Subsection 16.0222(f) and the entity
obligated for the payment thereof may be established by written agreement
between any city and the County. Upon expiration or termination of any such
written agreement, the permit fee as provided in Subsection 16.0222(f) shall
again be applicable.

(h) Alternative Charges and Surcharges to the Per Ton Solid Waste Management
Disposal Site Fees and the Land Use Solid Waste Disposal Facility Fees:

(1) (A) Passenger and light use vehicles and trailers containing no more
    than 300 pounds of refuse (excluding tires) for disposal shall pay a

$10.19/load instead of the per ton disposal fee set forth in Subsection 16.0222(a)(1)(A). (The $10.99 per vehicle gate fee collected at landfill entry stations is comprised of the above $10.19/load (which includes the perchlorate add-on fee of $0.17/load) and the $.80/vehicle per the San Bernardino County Fire Protection District 2022-23 fee schedule, Section L(3).

(B) Passenger and light use vehicles and trailers containing no more than 300 pounds of refuse (excluding tires) for disposal shall pay a Solid Waste Management Disposal Facility Usage fee of $2.40/load added-on to the minimum load fee set forth in Subsection (h)(1)(A) instead of the AB 939 fee set forth in Subsection 16.0222(a)(1)(B).

(C) Passenger and light use vehicles and trailers containing more than 300 pounds but less than one ton of refuse (excluding tires) for disposal shall pay a prorated Solid Waste Management Disposal Facility Usage fee (Subsection 16.0222(a)(1)(A)), perchlorate add-on fee (Subsection 16.0222(h)(2)(D)) and AB 939 Fee (Subsection 16.0222(a)(1)(B)) in accordance with the Tipping Fee Proration chart maintained by the County of San Bernardino Department of Public Works – Solid Waste Management Division.

An initial deposit is required for each actual cost service or process. The initial deposit is as specified in the code. If no amount is specified, the initial deposit is the Department’s initial estimate of the actual cost of the service or process. The Department may revise its estimate at any time during the processing of the project. If a revised estimate is higher than a previous estimate, the Department may require an additional deposit. Notice of any required additional deposit shall be mailed (including e-mail) to the applicant. The notice shall include the date by which the deposit must be made, and shall inform the applicant that unless provision for payment is made by the date specified, the application will be deemed denied without prejudice, without further action by the County.

Notwithstanding Section 86.08.010, any such denial without prejudice is not appealable. Each estimate shall be a good faith attempt to determine the probable actual cost of the service or process, based on the nature of the
project, the Department's experience in processing similar services or processes, and applicable rates. Initial deposits and any additional deposits for all services or processes related to a project shall be placed and combined into a Project Trust Account. Such combined deposited funds will be utilized as the source of payment for any flat fee service, security deposit, or actual cost service on that project. In addition, deposits may also be placed in a Developer Deposit Account. Deposited funds in a Developer Deposit Account may be used by an individual or entity to fund various Project Trust Accounts.

(d) Applicant's obligation to pay actual cost – Land Use Services Department and Department of Public Works:
The applicant shall pay the actual cost of the project, regardless of any estimate; except that the applicant is not obligated for costs incurred after the applicant delivers to the Department of Public Works and/or the Land Use Services Department either an unconditional written withdrawal of the application, or a written notice to stop work which includes a waiver of any applicable time limits for processing the application.

(e) Amounts of $10.00 or less:
Pursuant to Government Code section 29373.1, the applicant shall not be required to pay a balance of $10.00 or less.

(f) Additional invoices necessitated by lack of response by the applicant will be charged to the actual cost application.

(1) Except as otherwise provided in this section, any fee collected in error shall be refunded.

(2) Unused deposit monies on actual cost projects shall be refunded when all charges for the project have been recorded.
(3) Pursuant to Government Code section 29375.1, the County shall not be required to pay a refund of $10.00 or less.

(4) Planning refunds:

(A) If an application, filed in error due to erroneous staff advice, is later required to be withdrawn, processing fees shall be refunded regardless of the extent of work done in processing the application.

(B) If the applicant fails to submit required information within the allocated time, or voluntarily withdraws the application before acceptance and before staff work on the projects has commenced, any fee paid, less $60.00, shall be refunded.

(C) If the applicant withdraws a Land Use Services Department application during processing, any fee paid, less $60.00, shall be refunded, except as follows:

(I) Actual cost applications. All actual costs incurred on an actual cost application shall be deducted from the refund.
