Welcome to the San Bernardino County Medi-Cal Mental Health Plan (MHP) Provider Directory. San Bernardino County Department of Behavioral Health administers specialty mental health services to children, youth, transitional age youth (TAY), Adults and older Adults who live in San Bernardino County and need these services. This Provider Directory provides information on all mental health treatment providers that are part of the County's network of care. Some of the services and providers listed require authorization or referral from the County before the service can be provided. The Department of Behavioral Health Access Unit can help you determine what provider may be best for you or a family member. Please call the Access Unit at (888) 743-1478 or 711 for TTY users.

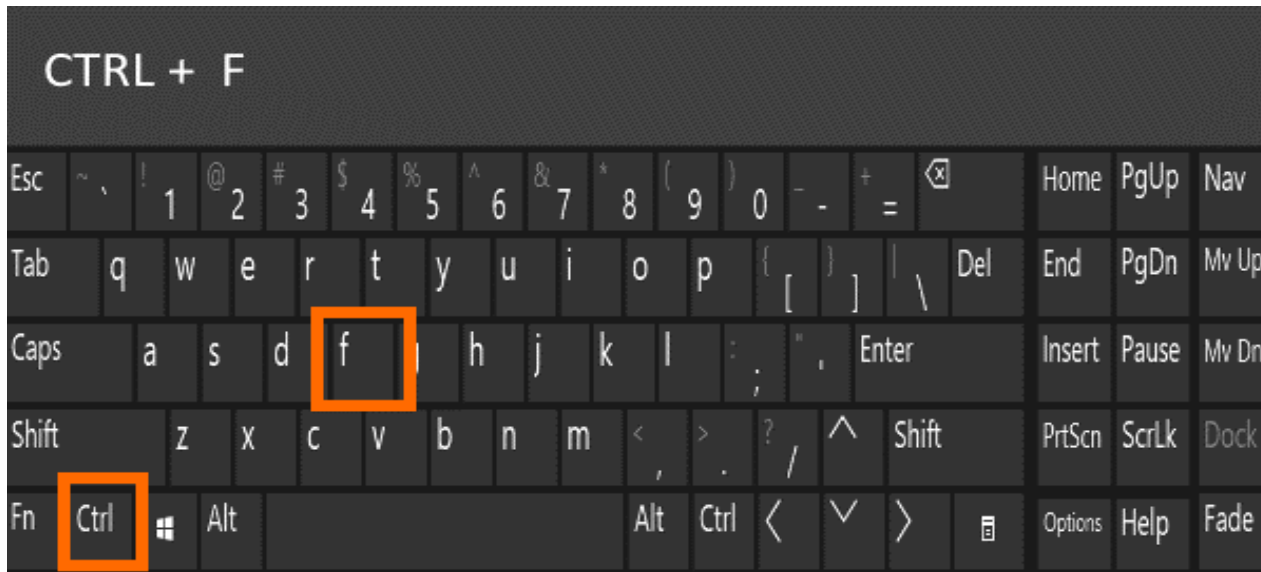

Please note that services listed in this directory may be provided by an individual provider, or a team of providers, who are working under the direction of a licensed practitioner operating within their scope of practice. Only licensed, waived, or registered mental health providers and licensed substance use disorder services providers are listed on the Plan's directory.
