December's Rideshare Tips

The winter holiday season is here! Give yourself plenty of time for possible delays and keep an eye on the weather forecast and plan ahead.

Transit Riders: Download a transit app to see real-time information so you don't have to wait longer than necessary. Wear layers and keep a pair of device-friendly glove on hand.

Cyclists and Walkers: Check the daily forecast before you leave. It's getting dark earlier, so wear bright or reflective clothing and attach lights to your bike, backpack or clothing.

Motorists: Remember to replace old or worn windshield wiper blades. Keep a look out on traffic ahead and allow for plenty of space between you and others sharing the road.
