ICEMA EMERGENCY DIRECTIVE #2020.03.27

Whereas a State of Emergency exists in San Bernardino County as a result of the threat of COVID-19; and

Whereas despite sustained efforts, COVID-19 continues to spread and is impacting all cities and unincorporated areas of San Bernardino County; and

Whereas it is imperative that First Responder agencies and transport providers maximize the number of available resources to maintain the ability to meet the anticipated response needs.

IT IS HERBY DIRECTED THAT:

1. The San Bernardino County XBO COVID19 EMS Response Plan will be implemented effective immediately. Implementation will span across the Operational Area within the County of San Bernardino.
 - a. Response plans may not have a transport provider assigned to the initial dispatch.
2. Dispatch Centers may send the closest most appropriate ICEMA approved ambulance without concern for jurisdictional boundaries. This applies to all resources including public and private transport vehicles within the scope of the XBO COVID-19 EMS Response Plan.
 - a. Alternate assessment vehicles may be implemented and shall be fitted with equipment that is equivalent to the Fireline EMT-P (ALS) Pack Inventory (ICEMA Reference #4060).
 - b. Non-Ambulance Alternate Transport Vehicles may be utilized.
3. The newly developed emergency Assess & Refer Protocols will be implemented upon reaching the thresholds outlined in the XBO COVID19 Response Plan. Implementation will allow for the first responders to assess and identify patients whose condition does not require transport by 9-1-1 emergency ambulance.
4. Consideration may be given to decreasing the XBO COVID-19 Response Plan level:
 - a. After 48 hours of decreased call volume.
 - b. Restoration of adequate staffing levels.

ICEMA EMERGENCY DIRECTIVE #2020.03.31

Whereas a State of Emergency exists in San Bernardino County as a result of the threat of COVID-19; and

Whereas despite sustained efforts, COVID-19 continues to spread and is impacting all cities and unincorporated areas of San Bernardino County; and

Whereas in response to Governor Newsom's March 30, 2020 Executive Order, the California Emergency Medical Services Authority (EMSA) has directed Inland Counties Emergency Medical Agency (ICEMA), to implement the following actions in order to ensure continued operation of Emergency Medical Services during the COVID-19 outbreak;

IT IS HERBY DIRECTED THAT:

1. All AEMTs, EMTs and paramedics with certifications/accreditations expiring in March, April, May, or June of 2020 shall have their license or certification expiration dates extended until July 31, 2020.
2. AEMTs, EMTs and paramedics shall be allowed to perform their current scope of practice in hospitals, medical facilities, alternate care sites, shelter care sites, in-home settings, or any additional setting approved by the director of the Authority for purposes of responding to the COVID-19 pandemic.
3. AEMTs, EMTs and paramedics whose license or certification has expired between September 30, 2019 and March 30, 2020, will be allowed to function under their previous scope of practice for the duration of the COVID-19 declared State of Emergency, provided that they do not have a history of license or certification discipline.
4. The requirement for a completed skills competency verification by AEMTs/EMTs for renewal or reinstatement is waived for the duration of the COVID-19 declared State of Emergency.
5. During the COVID-19 declared State of Emergency, training programs shall:
 - a. Allow for the use of high-fidelity simulation in place of the 10 clinical contacts for the purposes of training and graduating EMT students.

- b. Allow for the use of high-fidelity simulation in place of 20 of a paramedic's required 40 ALS contacts during the field internship phase of training.
 - c. Suspend EMT skills exams for certification.
 - d. Inform paramedic students in writing of the need to extend clinical and/or field internship placement timelines with an estimated time of doing so.
6. The National Registry of EMTs (NREMT) provisional registrations or a successful completion of the NREMT written (knowledge) Assessment exam shall be accepted for purposes of certification, licensure or reinstatement. EMS personnel with a provisional NREMT registration shall be required to receive a full NREMT registration within 6 months of the NREMT allowing testing. EMS personnel who have successfully completed the NREMT written Assessment exam shall be required to complete the NREMT psychomotor exam within 6 months of the NREMT allowing testing.

For further details, see <https://emsa.ca.gov.covid19/>.

ICEMA EMERGENCY DIRECTIVE #2020.12.10

Whereas a State of Emergency exists in San Bernardino County as a result of the threat of COVID-19; and

Whereas despite sustained efforts, COVID-19 continues to spread and is impacting all cities and unincorporated areas of San Bernardino County; and

Whereas it is imperative that First Responder agencies and transport providers maximize the number of available resources to maintain the ability to meet the anticipated response needs.

IT IS HERBY DIRECTED THAT:

Until further notice, First Responder agencies and transport providers will continue to utilize the “Assess and Refer Plan” with the following updates:

1. ICEMA Reference #s 8120R1 and 8130R1 have been refined into one (1) comprehensive policy referred to as ICEMA Reference # 8130R2 - Assess and Refer: Emergency Response Plan (San Bernardino County Only).
 - Discontinue use of ICEMA Reference #s 8120R1 and 8130R1.
 - Assess and Refer education will remain the same as on Target Solutions.
2. Prior to the EMS field personnel departing the scene:
 - Provide alternative recommendations and a referral card containing the alternate plan.
 - If patient refuses the referral, request BLS ambulance to respond to scene for transport to the closest most appropriate hospital. If a BLS ambulance is unavailable, an ALS ambulance may be requested to respond and transport.
 - Inform patient and/or family that there may be an extended wait for transport, and that they will be transported when an ambulance resource becomes available.
 - EMS field personnel will document the plan of care, and may choose to go back in service for other emergency responses prior to the arrival of an ambulance transport.
