The ICEMA Medical Director and EMS Administrator are responsible for the development and approval of policies and protocols that establish operating procedures and medical control according to State regulations. ICEMA recognizes that stakeholder collaboration is an essential component of policy and protocol development and accepts input from the Medical Advisory Committee (MAC), System Advisory Committee (SAC), standing ICEMA subcommittees and/or other interested parties through a review process as established below. EMS stakeholder input is advisory to ICEMA for the formulation of these policies, protocols and procedures and the final authority rests with the ICEMA Medical Director and EMS Administrator.

- ICEMA will prepare a detailed grid of proposed policy and protocol changes for input from MAC and SAC.
- ICEMA will consider all relevant input presented to it before accepting, amending or deleting any EMS system policy or protocol, but the authority for final determination remains with the Medical Director and EMS Administrator.
- ICEMA will submit changes in EMS system policies and protocols to public comment as noted below under Section V - Notification and Public Comment Period.
- EMS system policies and protocols, approved by the Medical Director and EMS Administrator, shall become effective no later than 30 days after the date of approval except as noted under Section IV - Emergency Policies and Protocols.

- Upon receipt of a written request for the review of a policy or protocol, ICEMA will notify the petitioner or group in writing of the receipt of the request and then shall, within 30 business days, either deny the request, in writing, indicating why the agency has reached such a decision or schedule the policy or protocol for review, in the appropriate committee(s), in accordance with this policy.
- ICEMA may grant or deny such a request or take such other action as it may determine to be warranted and will notify the petitioner in writing of such action.

### **IV. EMERGENCY POLICIES AND PROTOCOLS**
