HOW ARE SHORT-TERM RENTALS IMPACTING THE HOUSING MARKET?

COME HEAR THE PRELIMINARY RESULTS OF THE COUNTY'S STR STUDY

Thank you to those who attended public outreach meetings and sent emails about the Short-Term Rental (STR) Study, which evaluated the impacts of short term rentals on existing housing stock. After many months of research, analysis, and community outreach, the County has completed its STR Study.

We will hold a virtual meeting on November 16, 2023 at 5:30 p.m. to present the study's findings and hear your thoughts in advance of County staff's planned December presentation to the Board of Supervisors. Meeting details are provided below. The research, data, and analysis prepared by the County's consultants (Granicus and PlaceWorks), as well as past presentations, is available for download at the County's STR website: <https://str.sbcounty.gov/announcements/>.

VIRTUAL MEETING DETAILS

November 16th | 5:30 p.m. to 6:30 p.m.

The virtual meeting link will be available on 11/13/23.

During the meeting, we will present the STR survey findings and hold a question and answer session.

Comments and questions must be submitted prior to the meeting date. To submit comments, please send an e-mail to ShortTermRental@lus.sbcounty.gov with "Virtual Meeting Comment" as the subject line.

SCAN QR CODE TO SUBMIT COMPLAINTS

These meetings are not intended to discuss or address nuisance complaints related to short-term rentals. The County now accepts and processes complaints 24-hours a day / 7-days a week.
