Rebuttal

In these tough economic times, the Chaffey Joint Union Board wants to increase our taxes with a new bond. Read the fine print. How do new sprinklers, parking lots, turf, carpet, paint, enhanced signage, new bleachers, etc. improve our students' grades and prepare them for college? The district has failed to maintain these "wear and tear" projects and let them fall apart. Now they want us to foot the bill for replacements.

Valley View High School on the corner of Vineyard and 6th has a corral with 6 goats, assorted chickens, roosters, and geese. Who builds a fence for their farm animals but neglects their leaky roof? The CJUHSD Board does!!

If you see other signs of district waste, please contact us at cutwaste@gmail.com

Over 60% of the homes in San Bernardino are upside-down. The **unemployment rate is 12.7%**. We all know people who are out of work. Can they afford a tax hike? We, the people of San Bernardino County, have our own leaky roofs to fix; our own carpet needs replacing; our houses need repainting. It would be so much more appropriate for the boosters club to pay for new bleachers if they are truly needed. The PTA could certainly pitch in for a new sign. **Now is not the time to get further in debt** paying for things that don't enhance education.

- Bonds hurt our property values.
- Bonds hurt those on fixed incomes.
- Protect your future!
- Protect your property value!

Vote NO on Measure P!
