Give this form to Council Members, Proponents, and Opponents of Measures

Rebuttal to Argument Against Measure C

The opponents of Measure C deliberately mislead voters with incorrect information. Here is the truth.

This is not about pension plans, employee benefits or increasing bureaucracy.

Measure C simply provides emergency revenue to allow the City to continue providing services as an independent city. Without Measure C, Grand Terrace will not be able to provide basic services to the residents of the community. This is a fact.

The largest portion of the City's budget pays for public safety. Without this emergency source of revenue, the City will have no choice but to cease providing services to residents, including quick responses to 911 police calls and other critical services.

Since 2008, successive Grand Terrace City Councils have made severe cuts to the City's budget because of the economic downturn. The cuts have included:

- Elimination of nearly 60% of city hall staff
- 10% reduction in staff pay
- Reduction in public safety including traffic and patrol deputies, sheriff's service specialist and crossing guards

Without Measure C, further cuts will be made across the entire budget. All of the services that citizens have come to expect will need to be reduced or eliminated including services that the City contracts with outside sources to provide - public safety, engineering, parks maintenance, building and street repair.

All Measure C funds will be used locally to benefit City of Grand Terrace citizens.

Measure C requires a citizens' oversight committee and independent audits to ensure that money is spent properly.

Vote YES on Measure C.
