

ARGUMENT IN FAVOR OF MEASURE L

Retain and attract quality teachers and improve OUR local schools– vote Yes on L!

Did you know Sacramento politicians cut \$45 million from our local schools since 2008? These cuts caused teacher layoffs, delayed safety upgrades, and left our children with outdated classrooms and technology. Our schools need a dedicated source of local funds that can't be taken by the State—vote **YES on L!**

YES on L upgrades and expands Snowline school vocational and career education programs that train students for jobs in health care, technology, engineering and other high-paying, in-demand careers. These programs currently use outdated, insufficient equipment and classrooms.

A number of our local school buildings were built nearly 60 years ago and are in urgent need of basic repairs. **YES on L** fixes leaking roofs, broken plumbing and bathrooms, and upgrades security and fire safety systems so our children get the safe, clean schools they deserve.

YES on L attracts and retains quality teachers by upgrading our classrooms and teaching environments

YES on L upgrades job training facilities for students planning to enter the workforce after high school

YES on L updates obsolete computer labs and technology

YES on L ensures school drinking water is safe

YES on L repairs leaking roofs and outdated plumbing, bathrooms, electrical systems and wiring

YES on L improves school safety by upgrading fire alarms, smoke detectors, and safety doors

YES on L is subject to strict accountability requirements, including independent annual financial audits and review of all spending by an Independent Citizens' Oversight Committee. By law, all funds are required to be spent locally to improve our schools. None of this money can be taken away by Sacramento politicians.

Remember-- Quality public schools help maintain strong property values! Join us -- vote **YES on L!**
