Rebuttal against Argument in Favor of Measure L

Vote NO to \$60 MILLION in more TAXES: The best reason to vote against this TAX LIEN is because so many of our neighbors struggle. The government says 40% can't stay above water. That's your neighbor. If they can't pay this TAX LIEN INCREASE they could lose their homes or rental. We all face a new fire fee, estimated 6% annually increases in water rates, food cost increases and now a proposed nearly 6% increase to property taxes. It is way TOO MUCH. Help your neighbor by VOTING NO.

Fact: Sacramento may have taken away money since 2008, but SJUSD just borrowed \$35 MILLION in 2007. Now they want \$60 MILLION MORE in 2014 despite student population drops of nearly 15% since the 2008 year.

Fact: Buildings ages and educational quality are not related. If they were, places like Massachusetts with some of the best educational outcomes in the country yet some of the oldest buildings, would have poor education. Eight of twelve SJUSD schools are less than 30 years old. Maintenance should be paid in the operating budget, not by taxes on homes!

Fact: Technology changes roughly every 2 years. Many schools that have spent money have had trouble. Los Angeles stopped \$1 BILLION in one year on technology after saying that's what they wanted to spend money on. To keep up SJUSD would have to spend technology money every other year. Do you want continued taxes like that?

Please Vote NO on Measure L SJUSD Bond.
