

Rebuttal to Argument Against Measure K

Are the opponents even current parents in our schools? Have they bothered to research our aging schools' needs? We think not.

Some of our schools are over 75 years old. That's as far back as 1941, the same decade the slinky and computer were invented.

Yes on K keeps kids safe by making critical health/safety upgrades to update our schools and prepare local students for college and careers.

HERE ARE THE FACTS OPPONENTS THINK YOU'LL IGNORE

FACT: OMSD takes the stewardship of your taxpayer dollars seriously. To ensure every dime possible contributes to quality education, OMSD has already implemented pension reform and recently saved taxpayers more than \$3,000,000.

FACT: Over the past two years OMSD received input from thousands of residents, teachers, parents and community members on the careful crafting of Measure K to make sure Yes on K addresses the community's top priorities for local students.

FACT: The drought has made conserving water and saving money more important than ever! Yes on K will help OMSD use water more efficiently, upgrade water pipes/drinking fountains, significantly reducing costs in the long run and protecting our water supply.

YES on K is FISCALLY ACCOUNTABLE. Strict taxpayer safeguards, including annual independent audits and an independent citizen's oversight committee, are required.

BY LAW -- NO funds can be taken by Sacramento or spent on pensions/administrators' salaries.
