**ONTARIO-MONTCLAIR SCHOOL DISTRICT
RESOLUTION NO. 2016-17-03**

**ORDERING A GENERAL OBLIGATION BOND ELECTION
AND ESTABLISHING SPECIFICATIONS OF THE
ELECTION ORDER**

WHEREAS, the Board of Trustees (the "Board") of the Ontario-Montclair School District (the "District") is committed to maintaining the quality of education in local public schools by updating classroom technology, improving school safety, and making basic repairs to all schools; and

WHEREAS, since the District wants our students prepared to succeed in a 21st Century economy, children need updated full-service elementary and middle schools which are accessible, free of hazardous materials, and clean and safe learning environments; and

WHEREAS, the Board believes that to achieve that goal the District must attract and retain quality teachers and maintain and repair classrooms, facilities and equipment, as needed, so that all facilities and campuses are more energy efficient, safe, secure and up-to-date and upgrade physical education facilities important for student health and academic performance; and

WHEREAS, to reduce costs in the long run and protect our water supply, the District wants to make improvements that will help our schools use water more efficiently, including installing water recycling systems and upgrading water pipes and drinking fountains; and

WHEREAS, the State of California (the "State") does not provide the District with enough money for the District to adequately upgrade its educational facilities and academic programs; and

WHEREAS, the Board has concluded that the District's only remedy to avoid undermining its educational programs is to secure local funding that the State cannot take away; and

WHEREAS, the Board has received information regarding the possibility of a local bond measure and its impact on protecting student safety, improving schools and attracting and retaining quality teachers; and

WHEREAS, many local elementary and middle schools were built decades ago and need significant repairs, including schools that are over 75 years old, and in order to maintain award-winning education and top test scores, the District must invest in updating technology and its classrooms; and

WHEREAS, such a measure also can provide funds that cannot be taken away by the State; and

WHEREAS, such a measure must include mandatory taxpayer protections, including an independent citizens' oversight committee and mandatory audits to ensure funds are spent properly; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act ("Proposition 39") which reduced the voter threshold

for *ad valorem* tax levies used to pay for debt service on bonded indebtedness to 55% of the votes cast on a school district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the "Act") became operative and established requirements associated with the implementation of Proposition 39; and

WHEREAS, the Board desires to make certain findings herein to be applicable to this election order and to establish certain performance audits, standards of financial accountability and citizen oversight that are contained in Proposition 39 and the Act; and

WHEREAS, the Board desires to authorize the submission of a proposition to the District's voters at an election to authorize the issuance of bonds to pay for certain necessary improvements and enhancements to District educational facilities; and

WHEREAS, the Board hereby determines that, in accordance with Opinion No. 04-110 of the Attorney General of the State of California, the restrictions in Proposition 39 which prohibit any bond money from being wasted or used for inappropriate administrative salaries or other operating expenses of the District shall be monitored strictly by the District's Citizens' Oversight Committee; and

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the Proposition 39 limits per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, Elections Code Section 9400 *et seq.* requires that a tax rate statement be contained in all official materials relating to the election, including any ballot pamphlet prepared, sponsored, or distributed by the District; and

WHEREAS, the Board desires to authorize the filing of a tax rate statement and ballot argument in favor of the proposition to be submitted to the voters at the election; and

WHEREAS, pursuant to the Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, November 8, 2016, and to request the San Bernardino County Registrar of Voters to perform certain election services for the District.

NOW THEREFORE, THE BOARD OF TRUSTEES OF THE ONTARIO-MONTCLAIR SCHOOL DISTRICT DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

TAX RATE STATEMENT CONCERNING MEASURE __

**TAX RATE STATEMENT
REGARDING PROPOSED
\$150,000,000**

**ONTARIO-MONTCLAIR SCHOOL DISTRICT
GENERAL OBLIGATION BONDS**

An election will be held in Ontario-Montclair School District (the "District") on November 8, 2016 for the purpose of submitting to the electors of the District the question of issuing bonds of the District in the principal amount of \$150 million. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given to comply with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation of all property to be taxed for the year 2017-18.

2. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the last sale of the bonds and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation of all property to be taxed and the year 2025-26.

3. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.030 per \$100 (\$30.00 per \$100,000) of assessed valuation of all property to be taxed, which is projected to be the same in every fiscal year that the bonds remain outstanding.

4. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$300 million.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.
