## I. INTRODUCTION

This Candidate Filing Guide has been prepared to assist candidates filing for offices in the 2020 Presidential Primary Election. The guide includes valuable information for candidates to use throughout their candidacy. While this guide is intended to be as informative as possible, it contains general information only, and is not intended to be used as a substitute for legal counsel. Employees of the San Bernardino County Registrar of Voters are not permitted to answer questions of a legal nature.

### A. Overview of Filing Guide

There are seven major sections in this guide:

The **Introduction** section contains this overview, information about important dates and timelines for this election, and frequently asked questions about general elections in California.

The **Elective Office Information** section of this guide contains information about the offices up for election in San Bernardino County, information about qualifications, and notices to candidates that may be helpful.

The **Candidate Filing Process** section contains information regarding the forms and applicable fees required to file for office, how to select a ballot designation, and how to submit a candidate statement.

The **Fair Political Practices Commission Filings** section briefly explains the required forms that may need to be filed as part of the candidate filing process. The Fair Political Practices Commission (FPPC) is an independent regulatory agency that enforces campaign finance laws. The San Bernardino County Registrar of Voters is a filing agent for the FPPC, and is responsible for working with the candidates who are required to submit campaign disclosure statements.

The **Campaign Laws and Regulations** section contains important information regarding campaign signs and literature, electioneering, mass mailings, and other important laws and regulations that may be of interest to candidates.

The **Registrar of Voters Services** section lists services provided by the San Bernardino County Registrar of Voters that may be helpful to candidates to run their campaigns.

The **Appendix** section of this guide includes several reference materials.

## B. Frequently Asked Questions How Primaries are Conducted in California

In June of 2010, California voters approved Proposition 14 (The Top Two Open Primary Act). The amendment made many changes to how primaries are conducted in California. Previously there were only two types of offices, partisan and nonpartisan. Now, there are three types of offices: party-nominated, voter-nominated and nonpartisan.

The table below explains the different types of offices that will appear on the ballot and who advances to the November General Election.

## **B. Qualifications**

See Appendix A of this guide to see salary information and the required qualifications that candidates must meet for each office up for election.

## **C. Notice to Candidates about Filing for Multiple Offices in a Primary Election**

No person may file nomination papers for a party nomination and an independent nomination for the same office, or for more than one office at the same election. (Cal. Elec. Code §8003(b)).

Pursuant to California Election Code §8000, this does not apply to the nomination of officers of cities or counties whose charters provide a system for nominating candidates for those offices, the nomination of officers for any district not formed for municipal purposes, the nomination of officers for general law cities, or the nomination of school district officers.

## **D. Notice to Candidates Regarding Incompatible Offices**

The Political Reform Act does not prohibit a person from holding multiple public positions, either within a single agency or different agencies. In addition, there are no provisions of the Act which preclude a person from seeking more than one elective office in a single election, or from serving in more than one elective office at any one time.

Government Code §1099 codifies the common law prohibition against the holding of “incompatible offices.” This doctrine restricts the ability of public officials to hold two different public offices simultaneously if the offices have overlapping and conflicting public duties. For this section to apply, each position must be a “public office.” (Gov. Code §1099(c).)

Pursuant to Government Code §1099, a person may not simultaneously hold two public offices if: either of the offices exercises a supervisory, auditing, or removal power over the other office or body, there is a significant clash of duties or loyalties between the offices, or there are public policy considerations that make it improper. The consequence of holding an incompatible office is that the person is “deemed to have forfeited the first office upon acceding to the second” (Gov. Code §1099(b)). In addition, the California Constitution has provisions addressing the holding of two government positions.

The State of California Attorney General's office has issued numerous opinions on the subject which are available on the Attorney General's web site. If you have a question about whether two

public offices which you hold or seek to hold would be considered incompatible offices, contact the Attorney General's office at (916) 445-9555 or visit their website, <https://oag.ca.gov/>.

For further information regarding conflict of interest or incompatibility of offices, visit the Fair Political Practices Commission's website at [www.fppc.ca.gov](http://www.fppc.ca.gov), or phone toll free at (866) 275-3772.

### **E. Notice to Candidates Regarding being an Employee and Elected Official of the District**

Candidates elected to Special Districts may not be an employee of that district. An employee of a local agency may not be sworn into office as an elected or appointed member of the legislative body of that local agency unless he or she resigns as an employee. If the employee does not resign, the employment shall automatically terminate upon his or her being sworn into office - (Cal. Gov. Code §53227 (a))

- Definition of local agency - "Local agency" means a city, city and county, county, district, municipal or public corporation, political subdivision, or other public agency of the state - (Cal. Gov. Code §53227.2 (a))
- Definition of legislative body - "Legislative body" means the board of supervisors of a county or a city and county, the city council of a city, or the governing body of a district, municipal or public corporation, political subdivision, or other public agency of the state - (Cal. Gov. Code §53227.2 (b))

### **III. CANDIDATE FILING PROCESS**

This section of the guide contains information regarding the filing fees for each office, the nomination petition process, forms required to file for office, how to select a ballot designation, and how to submit a candidate statement.

In order to become a candidate for office, candidates must file various documents with the Registrar of Voters and may have to pay certain fees. For the 2020 Presidential Primary Election, candidates may request candidate filing documents beginning November 12, 2019 and must return the completed candidate filing documents by 5 p.m. on December 6, 2019.

A non-refundable filing fee (see section A) must be paid to the elections official before candidate filing documents will be issued for certain offices. To help candidates reduce the amount of their required filing fee, candidates may circulate and submit a *Petition In Lieu of Filing Fee* (see section B below). This petition contains signatures of registered voters within the candidate's district, and each valid signature on the petition will reduce the filing fee.

For certain offices, candidates must collect a designated number of valid signatures on a *Nomination Petition* (see section C) and submit that petition when filing to run for office.

To officially declare themselves a candidate for office, all candidates must file a *Declaration of Candidacy* (see section D) form. On the *Declaration of Candidacy* form, candidates declare which office they are running for, how their name shall appear on the ballot, and whether or not they want a ballot designation to appear on the ballot under their name. If a candidate wants a ballot designation, they must complete a *Ballot Designation Worksheet* (see section E below).

Candidates may elect to compose and submit a statement of qualifications, commonly known as a Candidate Statement that will be printed in the *Voter Information Guide*. If a candidate wants a statement printed in the guide, they must indicate this request on the *Candidate Statement Form* (see section F below).

### **A. Filing Fees**

A filing fee is a non-refundable payment that must be paid to the elections official. Filing fees vary by office and are typically calculated based on a percentage of the office's annual salary. Not all offices require filing fees; however, if a filing fee is required, then the filing fee must be paid at the time a candidate requests filing documents.

Payments are accepted in the form of cash, personal check, cashier's check, money order, or credit card.

For county offices, the non-refundable filing fee must be paid to the Registrar of Voters.

For federal and state offices, the non-refundable filing fee must be paid to the office of the Secretary of State. Candidates submit payments to the Registrar of Voters, and these payments will be forwarded to the state.

The filing fee for each office are listed in Appendix B.

### **B. Petition In Lieu of Filing Fee**

The *Petition In Lieu of Filing Fee* is a form that contains signatures of registered voters within a particular district. Candidates who are required to pay a filing fee may circulate and submit this petition to help reduce the cost of the filing fee. Each signature is assigned a value, based on the office, and each valid signature gathered will reduce the filing fee. The amount of the reduction is calculated by multiplying the number of valid signatures submitted times the signature value assigned to that office.

The *Petition In Lieu of Filing Fee* is available for pick-up at the Registrar of Voters beginning September 12, 2019, and completed petitions must be filed no later than 5 p.m. on November 6, 2019.

Valid signatures collected on the *Petition In Lieu of Filing Fee* will also be counted towards the nomination requirement for that office (see Section C below for more information).

The maximum number of signatures allowed to be collected, and the value for each valid signature for each office are listed in Appendix C.

### **C. Nomination Petition**

A *Nomination Petition* is a form that contains signatures of registered voters within a particular district. Some offices have a nomination requirement. For these offices, candidates must collect a certain number of valid signatures on the *Nomination Petition* in order to run for office. The minimum and maximum number of signatures allowed to be collected varies by office. If potential

candidates choose to circulate and submit a *Petition in Lieu of Filing Fee*, the number of valid signatures collected on that petition is also applied to the nomination requirement.

*Nomination Petitions* are available for pick-up at the Registrar of Voters beginning November 12, 2019, and completed petitions must be filed no later than 5 p.m. on December 6, 2019.

The minimum and maximum number of signatures allowed to be collected for each office are listed in Appendix D.

## **D. Declaration of Candidacy**

The *Declaration of Candidacy* is a required form that all candidates must file in order to officially become a candidate. On the *Declaration of Candidacy*, candidates declare which office they are running for, how their name shall appear on the ballot, and whether or not they request a ballot designation. If a candidate requests a ballot designation, they must complete a *Ballot Designation Worksheet* (see section E for more information).

The *Declaration of Candidacy* will be available at the start of the candidate filing period, which begins on November 12, 2019, and must be filed by 5 p.m., December 6, 2019. Once filed with the Registrar of Voters, the *Declaration of Candidacy* becomes a public record and is available for viewing by the public upon request.

Candidates running for Judge of The Superior Court must file a *Declaration of Intention* in order to be eligible to officially execute a *Declaration of Candidacy*. A *Declaration of Intention* must be filed between October 28, 2019 and November 6, 2019.

## **E. Ballot Designation**

Candidates may elect to have a ballot designation appear under their name on the ballot. A ballot designation describes that candidate's principal profession, vocation or occupation. Candidates who choose to have a ballot designation must declare on the *Declaration of Candidacy* that they request to have a ballot designation.

For offices that are nominated at the primary election and proceed to a run-off at the general election, the candidate's approved ballot designation shall remain the same for both elections unless the candidate changes the designation at least 98 days prior to the general election.

### **1. Selecting / Submitting a Ballot Designation**

Candidates who choose to have a ballot designation must complete the *Ballot Designation Worksheet*. The *Ballot Designation Worksheet* is a form that a candidate uses to propose and justify the use of that ballot designation. The *Ballot Designation Worksheet* must be filed along with the *Declaration of Candidacy* by 5 p.m. on December 6, 2019 and cannot be changed by the candidate after that date.

- Prior to selecting a ballot designation, candidates should review the ballot designation rules and regulations (see section 2 below)

- For federal and state offices, the Secretary of State will review the completed Ballot Designation Worksheet and decide if the candidate’s proposed ballot designation is acceptable or unacceptable for printing on the ballot.
- For all other offices, Registrar of Voters staff will work closely with candidates during the filing period to review their proposed ballot designation(s) as well as supporting documentation to ensure compliance with the ballot designation laws and regulations.

Once filed with the Registrar of Voters, the *Ballot Designation Worksheet* becomes a public record and is available for viewing by the public upon request.

## 2. Ballot Designation Rules and Regulations

There are specific laws and regulations that govern whether or not a ballot designation is acceptable or unacceptable for printing on the ballot. These rules are outlined in California Elections Code §13107, §13107.3, §13107.5 and California Code of Regulations §20710-20719.

The laws and regulations on ballot designations are complex, and may be challenging to navigate. In the Appendices section, the following informational appendices are provided to assist candidates with navigating these laws and regulations:

- Appendix E – Principal Professions, Vocations, or Occupations
- Appendix F – Elective and Appointed Office Titles
- Appendix G – Using the word “Retired”
- Appendix H – Using the words “Community Volunteer”
- Appendix I – Acceptable Ballot Designations
- Appendix J – Unacceptable Ballot Designations
- Appendix K – Supporting Documentation Justifying Proposed Ballot Designations
- Appendix L – Ballot Designation Size and Format

The Registrar of Voters recommends that any candidate seeking an interpretation of any statute or regulation cited in this guide consult with an attorney.

**Please note:** Effective January 1, 2018, California Elections Code §13107 was amended to provide specific rules regarding ballot designation options for judicial candidates.

### F. Candidate Statement

A candidate statement is a written statement provided by the candidate that is printed in either the state or county *Voter Information Guide*.

Candidates running for United States Senate, Governor, Lieutenant Governor, Attorney General, Insurance Commissioner, Controller, Secretary of State, Treasurer, Superintendent of Public Instruction, and Board of Equalization, may elect to have a statement printed in the *State Voter Information Guide*. For more information about candidate statement costs, filing timelines, and campaign spending limits, please visit the Secretary of State’s website.

Candidates running for United States Representative, State Senator\*, and Member of the State Assembly\*, and candidates running for other county, city, school district and special district offices

may elect to have a statement printed in the *County Voter Information Guide*. The county *Voter Information Guide* is mailed to all registered voters approximately one month prior to the election.

\* A candidate for State Senate or Assembly who accepts the voluntary expenditure limits set forth in Section 85400 may purchase the space to place a statement in the *County Voter Information Guide* that does not exceed 250 words.

Candidates who elect to have a statement printed in the Voter Information Guide are required to pay the estimated costs of including their candidate statement in the Voter Information Guide at the time of filing. The actual costs of inclusion will be determined after the election, and participating candidates will either receive a refund or be responsible for paying additional costs at that time.

Estimated costs for candidate statements are calculated by district per registered voter. Payments are accepted in the form of cash, personal check, cashier's check and money order, or credit card. Listed in Appendix Q are the estimated costs for candidate statements by district for this election.

## **1. Composing / Submitting a Candidate Statement**

All candidates, regardless of whether or not they choose to publish a Candidate Statement, are required to complete and file a *Candidate Statement Form*. On this form, candidates will indicate whether or not they elect to file a candidate statement, and will submit the printed text of the statement if they choose to file one.

- Prior to composing their candidate statement, candidates should review the candidate statement rules and regulations below.
- Candidates may fill out the Candidate Statement Form prior to filing and then bring the statement with them when they file. The form can be accessed on the Registrar of Voters website at <http://www.sbcountyelections.com>.
- For federal and most state offices, candidate statements must be submitted to the Secretary of State.
- For all other offices, Registrar of Voters staff will work closely with candidates to complete their *Candidate Statement Form* and will review the content of the candidate statement to ensure compliance with the applicable laws and regulations.

Prior to publication, candidate statements are available for public examination for 10 days beginning immediately following the filing deadline. During the public examination period, the Registrar of Voters or any voter of the jurisdiction may seek a writ of mandate or an injunction requiring that any or all material in the candidate statement be amended or deleted (Cal. Elec. Code §13313(b)).

In addition to seeking a writ of mandate or an injunction, the Registrar of Voters may strike any language not in compliance with California Elections Code.

## **2. Candidate Statement Composition**

See Appendix M of this guide to see laws and regulations regarding the composition of candidate statements.

### **3. Candidate Statement Endorsements**

#### 6. City and Town Offices

Candidates should consult with the individual cities or towns for specific candidacy qualifications.

In addition to the above qualifications, California Election Law prescribes that no person may be elected to any state or local office if that person has been convicted of a felony involving accepting, giving, or offering to give any bribe, the embezzlement of public money, extortion, or theft of public money, perjury, or conspiracy to commit any of those crimes.

### **Appendix E. Principal Professions, Vocations, or Occupations**

All candidates, excluding some judicial candidates, may choose to use no more than three\* words designating either (Cal. Elec. Code §13107(a)(3)):

- their current principal professions, vocations, or occupations of the candidate, or

- their previous principal professions, vocations, or occupations during the calendar year immediately preceding the filing of nomination documents if the candidate is not currently engaged a principal professions, vocations, or occupations.

A candidate may engage in multiple principal professions, vocations or occupations, and may designate multiple principal professions, vocations or occupations. If a candidate proposes a ballot designation including multiple principal professions, vocations or occupations, the proposed ballot designation must (Cal. Admin. Code §20714(e)):

- comply with the three\* word limitation,
- must independently qualify as a “principal,”
- be separately considered by the elections official, and
- be separated by a slash (“/”).

\*For purposes of determining the word count of ballot designations, the following shall be considered as one word (Cal. Elec. Code §13107(d)):

- all California geographical names shall be considered to be one word, and
- hyphenated words that appear in any generally available standard reference dictionary, published in the United States at any time within the 10 calendar years immediately preceding the election.

## **1. Definition for “Principal”**

California Administrative Code §20714(b) defines the word “principal” as substantial involvement of time and effort such that the activity is one of the primary, main or leading professional, vocational or occupational endeavors of the candidate. The term “principal” precludes any activity which does not entail a significant involvement on the part of the candidate. Involvement which is only nominal, pro forma, or titular in character does not meet the requirements of the statute.

If a candidate is licensed by the State of California to engage in a profession, vocation or occupation, the candidate is entitled to consider it one of their “principal” professions, vocations or occupations if:

- the candidate’s license is current at the time they file candidacy documents, and
- the candidate’s license is current is active at the time they file candidacy documents.

## **2. Definition for “Profession”**

California Administrative Code §20714(a)(1) defines “profession” as a field of employment requiring special education or skill and requiring knowledge of a particular discipline. The labor and skill involved in a profession is predominantly mental or intellectual, rather than physical or manual.

### **3. Definition for “Vocation”**

California Administrative Code §20714(a)(2) defines “vocation” as a trade, a religious calling, or the work upon which a person, in most but not all cases, relies for his or her livelihood and spends a major portion of his or her time.

### **4. Definition for “Occupation”**

California Administrative Code §20714(a)(3) defines “occupation” means the employment in which one regularly engages or follows as the means of making a livelihood.

## **Appendix F. Elective and Appointed Office Titles**

Candidates, excluding judges, who were elected by a vote of the people and hold office at the time of filing candidacy documents, may choose to use one of the following:

- their full elective office title (Cal. Elec. Code §13107(a)(1)), or
- the unmodified word “Incumbent” if the candidate is filing for the same office they currently hold (Cal. Elec. Code §13107(a)(2) and Cal. Admin. Code §20713(b)), or
- no more than three words designating their elective office title and their principal profession, vocation, or occupation (Cal. Admin. Code §20712(d)).

Candidates, excluding judges, who were appointed to fill a vacant office and hold office at the time of filing candidacy documents may choose to use one of the following:

- The word “Appointed” and their full elective office title (Cal. Elec. Code §13107(a)(4) and Cal. Admin. Code §20715(b)), or
- the unmodified words “Appointed Incumbent” if the candidate is filing for the same office they currently hold (Cal. Elec. Code §13107(a)(4) and Cal. Admin. Code §20715(a)).

## **Appendix G. Using the word “Retired”**

California Administrative Code §20716(h) dictates that the word “retired” is generally limited for use by individuals who have permanently given up their chosen principal profession, vocation or occupation. In evaluating use of the word “retired,” the elections official will consider the following factors in making a determination:

- Prior to retiring from their principal profession, vocation or occupation, the candidate worked in the profession, vocation or occupation for more than 5 years.
- The candidate is collecting, or eligible to collect, retirement benefits or other type of vested pension.
- The candidate has reached at least the age of 55 years.
- The candidate voluntarily left his or her last professional, vocational or occupational position.
- The candidate's retirement benefits are providing him or her with a principal source of income.

If a candidate is requesting a ballot designation that they are a “Retired Public Official,” the candidate:

- must have previously voluntarily retired from public office,
- not have been involuntarily removed from office,
- not have been recalled by voters, and
- not have surrendered the office to seek another office or failed to win reelection to the office.

A candidate may not use the word “retired” in his or her ballot designation if that candidate possesses another more recent, intervening principal profession, vocation, or occupation.

#### **Appendix H. Using the words “Community Volunteer”**

California Elections Code §13107.5 dictates that using “Community Volunteer” shall constitute a valid principal vocation or occupation only if:

- the activities/service constitutes their principal profession, vocation, or occupation, and
- the candidate is not engaged concurrently in another principal profession, vocation, or occupation, and
- the words “Community Volunteer” are not used in combination with any other principal profession, vocation, or occupation designation.

California Administrative Code §20714.5 defines “Community Volunteer” as a person who engages in an activity or performs a service for or on behalf of, without profiting monetarily, one or more of the following:

- A charitable, educational, or religious organization as defined by the United States Internal Revenue Code section 501(c)(3);
- A governmental agency; or
- An educational institution.

If a candidate is requesting to use “Community Volunteer” as their proposed ballot designation, they must demonstrate that the activity/service constitutes substantial involvement of time and effort such that the activity/service is the sole, primary, main or leading professional, vocational or occupational endeavor of the candidate.

#### **Appendix I. Acceptable Ballot Designations**

California Administrative Code §20714(c) dictates that the candidate’s ballot designation must be factually accurate, must be neither confusing nor misleading, and must be in full and complete compliance with Elections Code and California Administrative Code.

California Administrative Code §20714(f) dictates that ballot designations shall be grammatically correct, generic, and all words must be spelled correctly. Punctuation shall be limited to the use of a comma and a slash; however, a hyphen may be used if, and only if, the use of a hyphen is called for in the spelling of a word as it appears in a standard reference dictionary of the English language,

which was published in the United States at any time within the 10 calendar years immediately preceding the election for which the words are counted.

## **Appendix J. Unacceptable Ballot Designations**

California Elections Code §13107(d) dictates that the elections official shall not accept any ballot designation that:

- would mislead the voter,
- suggests an evaluation of a candidate,
- abbreviates the word “retired,”
- places the word “retired” following any word,
- uses a word or prefix, other than “retired,” that refers to prior status,
- uses the name of any political party, whether or not it has qualified for the ballot,
- refers to a racial, religious, or ethnic group, or
- refers to any activity prohibited by law.

California Administrative Code §20716(c) dictates that the elections official shall reject any proposed ballot designation which would mislead voters. In making this determination, the elections official shall determine whether there is a substantial likelihood that a reasonably prudent voter would be misled. The determination shall take into account the plain meaning of the words and the factual accuracy based upon supporting documents submitted by the candidate.

California Elections Code §13107(f) dictates that, if elections official finds the designation to be in violation of any of the rules, the elections official shall notify the candidate, and the candidate has three days from receiving notification provide the elections official with a ballot designation that complies with the rules. If a candidate fails to provide a designation that complies with the rules within the specified timeframe, no ballot designation shall appear after the candidate's name.

### **1. Avocations, Statuses, and Pro Forma Professions**

California Administrative Code §20716(b) dictates that avocations, statuses and pro forma professions, vocations and occupations are distinguished from professions, vocations and occupations and are not acceptable as ballot designations.

California Administrative Code §20716(b)(1) defines “avocations” as a casual or occasional activity, diversion or hobby pursued principally for enjoyment and in addition to the candidate’s principal profession, vocation or occupation.

California Administrative Code §20716(b)(3) defines “status” as a state, condition, social position or legal relation of the candidate to another person, persons or the community as a whole. A status is generic in nature and generally fails to identify with any particular specificity the manner by which the candidate earns his or her livelihood or spends the substantial majority of his or her time.

California Administrative Code §20716(b)(2) defines “pro forma” as positions held by the candidate which consume little or none of the candidate’s time and which, by their nature, are voluntary or for which the candidate is not compensated.

## **2. Leadership Positions in an Elective Body**

California Administrative Code §20712(d) dictates that designations indicating a position of legislative leadership or leadership in another elected body are not elective offices and are improper. However, a candidate may propose these designations for consideration as their current principal professions, vocations, or occupations and be subject to the three-word limit.

California Administrative Code §20712(e) dictates that any proposed ballot designation which indicates that the candidate is a member of the state or county central committee of a political party, or an officer of a state or county central committee of a political party, are improper and do not constitute elective offices.

### **Appendix K. Supporting Documentation Justifying Proposed Ballot Designations**

California Administrative Code §20717(c) dictates that the candidate shall have the burden of establishing that the proposed ballot designation is accurate and complies with all provisions of Elections Code and California Administrative Code.

California Administrative Code §20717(a) dictates that time is of the essence regarding all matters pertaining to the review of ballot designations submitted by candidates. Failure to promptly submit requested supporting documentation will preclude consideration of such materials in and the rendering of a final decision on the candidate's proposed ballot designation.

The Registrar of Voters requires candidates to provide documentation to support their principal professions, vocations, or occupations. Candidates are encouraged to provide supporting documentation at the time they file the *Ballot Designation Worksheet*. If a candidate is not able to provide documentation at the time of filing, the Registrar of Voters allows candidates to provide supporting documentation within three business days from filing the *Ballot Designation Worksheet*. If a candidate fails to provide supporting documentation, the Registrar of Voters may not approve the candidate's designation for printing on the ballot.

### **Appendix L. Ballot Designation Size and Format**

California Elections Code §13107(h) dictates that ballot designations are printed in uppercase and lowercase type on the ballot, and that if a candidate's ballot designation is so long that it would conflict with the space limitations of the ballot, the elections official may use a type size that is sufficiently smaller to meet space limitations on the ballot.

California Elections Code §13107(j) dictates that, for the purpose of foreign language translations of ballot designations, the elections official may employ abbreviations and/or initials wherever possible in order to meet space limitations on the ballot.

Due to space limitations, the ballot designations is limited to approximately 48 characters including spaces and punctuation. Candidates are encouraged to comply with the character limits.

## **Appendix M. Candidate Statement Composition**

California Elections Code §13307, §13307.5 and §13307 dictate the rules relating to the composition of candidate statements.

### **1. Candidate Statements for United States Representative**

California Elections Code §13307.5 dictates that candidate statements shall not exceed 250 words, shall not make reference refer to any opponent of the candidate, and shall be submitted in accordance with the timeframes and procedures for the preparation of the Voter Information Guide.

### **2. State Senate and Member of the State Assembly Offices**

California Government Code section 85601(c) states that a candidate for State Senate or Assembly who accepts the voluntary expenditure limits set forth in Section 85400 may purchase the space to place a statement in the voter information portion of the sample ballot that does not exceed 250 words. The statement may not make any reference to any opponent of the candidate. The statement shall be submitted in accordance with the timeframes and procedures set forth in the Elections Code for the preparation of the voter information portion of the sample ballot.

### **3. Candidate Statements for County, City, School District and Special District Offices**

California Elections Code §13307 dictates that candidate statements shall be a brief description of no more than 200 words, shall be printed in type of uniform size and darkness, and with uniform spacing. Jurisdictions may increase the maximum number of words allowed, up to 400.

The Registrar of Voters interprets this to mean that candidate statements shall be typed in upper and lower case letters when appropriate, and not all capital letters. Additionally, candidate statements shall be free from non-standard or atypical spacing, and shall not contain any *italicized* or **bolded** letters.

California Elections Code §13307 dictates that candidate statements shall be a brief description that expresses the candidate's education and qualifications, and shall not include party affiliation of the candidate, nor membership or activity in partisan political organizations. Nothing in the candidate's statement shall be deemed to make any such statement or the authors thereof free or exempt from any civil or criminal action or penalty because of any false, slanderous or libelous statements.

California Elections Code §13308 requires that statements shall be limited to a recitation of the candidate's own personal background and qualifications. Statements shall not in any way make reference to other candidates for that office or to another candidate's qualifications, character, or activities. The election official shall not cause to be printed or circulated any statement that the election official determines is not so limited, or that includes any reference prohibited by this section.

It is the policy of the San Bernardino County Registrar of Voters that a candidate's background may include details regarding the candidate's platform. A candidate's platform describes what they stand for and what they intend to do if they are elected.

It is the policy of the San Bernardino County Registrar of Voters that if a candidate statement is determined to not be in compliance with the Elections Code, the Registrar of Voters may strike any language not in compliance, may not print or circulate the statement, or may seek a writ of mandate or an injunction, requiring that the candidate statement be amended or deleted.

It is the policy of the Registrar of Voters that the candidate be fully responsible for ensuring that all spelling, punctuation, and grammar in a Candidate Statement is correct and free from errors. The Registrar of Voters is not responsible for proofreading for spelling, punctuation, and grammatical errors. Only a cursory review of the candidate’s statement will be done at the time of filing to ensure that the statement is acceptable.

It is the policy of the Registrar of Voters that, in order for a candidate statement to be printed in the *Voter Information Guide*, candidate statements must fit inside a half page square that measures 4.79” wide by 3.14” tall, and must be printed in size 8 Arial font.

In computing the word count of a candidate statement, it is important for candidates to keep in mind that only the text of the statement is included in the calculation of the word count. The title of the candidate statement, which includes the candidate’s name, age, and occupation, does not affect the word count for a statement. Examples for counting words within a candidate statement are provided:

<b>Category</b>	<b>Example</b>	<b>Word Count</b>

## **Appendix N. Policy on Endorsements**

It is the policy of the San Bernardino County Registrar of Voters that any named individual or specific organization listed as an endorsement in a candidate statement (see Example A below) must be verified as endorsing the candidate prior to printing in the *Voter Information Guide and Sample Ballot*. Verification of the endorsement must be in the form of a copy of a letter of endorsement, or in a direct communication from the endorser to the Registrar of Voters in the form of an email or facsimile correspondence. All endorsements or verification of endorsements from an individual or organization of a candidate must be submitted no later than three days after the end of the filing period.

Example A: "...I am endorsed by County Supervisor John Doe, Senator Jane Smith and the San Bernardino League of Women Voters."

In Example A, the Registrar of Voters would require an email, facsimile or copy of the letter of endorsement from Supervisor Doe, Senator Smith and the San Bernardino League of Women Voters to allow these endorsements to be printed.

Example B: "...I am endorsed by police, firefighters, nurses and teachers throughout San Bernardino County."

In Example B, the Registrar of Voters would not require verification of the endorsement because the statement does not identify a specific individual or organization.

## Appendix O. Candidate Statement Examples

The following examples are provided to demonstrate the difference between an acceptable and unacceptable candidate statement:

### Example of an Acceptable Candidate Statement

I believe all residents deserve a high quality of water, and excellent service at an affordable cost.

As your next elected member of the Board of Directors of the High Plains Water District, my legal education will enable me to advocate effectively on your behalf. My family has lived in this community for over thirty years and we've been blessed to be able to give back to our community through many years of community volunteerism – my wife volunteers at our local senior center and boy's and girl's club, and our daughters have been known to sing and dance at or participate at various local community events.
