EXHIBIT B

TAX INFORMATION STATEMENT

BY *TJ* DEPUTY
REGISTRAR OF VOTERS

An election will be held for School Facilities Improvement District No. 3 ("SFID No. 3") of the Mountain View School District (the "District") on March 3, 2020, to authorize the sale of up to \$33,000,000 in bonds of SFID No. 3 to finance school facilities as described in the proposition. If the bonds are approved, the District expects to issue the bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in SFID No. 3. The following information is provided in compliance with Sections 9400 through 9405 of the California Elections Code.

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is 1.73 cents per \$100 (\$17.30 per \$100,000) of assessed valuation. The final fiscal year in which the tax to be levied to fund this bond issue is anticipated to be collected is fiscal year 2053-54.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is 2.0 cents per \$100 (\$20.00 per \$100,000) of assessed valuation, which is estimated to apply in fiscal year 2021-22.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is approximately \$63,663,900.

Voters should note that these estimates are based on projections derived from information obtained from official sources, and are based on the ASSESSED VALUE of taxable property on the County of San Bernardino official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates, debt service and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Dated: 19 NOV, 2019.

Bucardo

Superintendent
