## Rebuttal to Argument in Favor of Measure K

Despite the claims made by proponents of Measure K, this initiative **doesn't solve** any of the purported "systemic" problems mentioned in their argument.

- Measure K **doesn't prevent** the Board of Supervisors from imposing new property taxes without voter consent
- Measure K **doesn't limit** the amount of money that candidates for County Supervisor can accept from lobbyists and special interests
- Measure K **doesn't reduce** the authority granted to the non-elected county CEO position
- Measure K **doesn't eliminate** multi-million dollar legal settlements

If proponents of Measure K want to put an end to the aforementioned issues, why didn't they include them in their initiative? The truth is that these are distractions from the bad policies they're attempting to force upon residents of our county.

Paying County Supervisors what effectively amounts to minimum wage will encourage them to accept **MORE** money from lobbyists and special interests, not less. This **increases corruption** and a return to pay-for-play politics.

Don't be fooled by Measure K proponents' claims that their initiative will somehow improve our quality of life. If your County Supervisor is only working part-time, who will you turn to during times of crisis like wildfires, economic downturns, and outbreaks of infectious diseases? Measure K doesn't fix these problems. Instead, it will make them worse.

Measure K is nothing more than a **wolf in sheep's clothing** that reduces your level of representation on the Board of Supervisors.

**Vote NO on Measure K** if you want a County Supervisor who will work for you!
