Subject: Polling place locations public commentary

To Whom it may concern;

I wanted to submit my request that the city of Yucaipa, be given an established polling location. Some suggestions are: Any public or private school properties, as children will not be on the campuses, so no exposure is risked.

The local law enforcement or city hall offices, would also seem appropriate. Our city is not without ample options for polling locations. I appreciate your reading my email and considering ensuring the citizens of San Bernardino County have sufficient resources for poll voting and that this right is not abridged under the guise of - covid Concerns.

We can wear masks. Since we can go to Walmart and Costco in masks, we can vote at polls, in masks. People are leaving this state in droves. Middle class, tax paying, law abiding citizens have been and now are increasingly fleeing. Consider why.

Thank you
Esmond
