Subject: Polling Place in Joshua Tree

I am writing to let you know that we need at least one Polling Place in Joshua Tree. I am a 78 year old resident on Joshua Tree and plan to vote in person this year, in spite of Covid, to make sure my vote is counted. I know a lot of my friends are making this difficult decision too. It would make it a lot more possible for us to do this if we didn't have to drive to Yucca Valley and stand in long lines.

Thank you,
Montville
