Subject: 2020 Proposed polling places - Chino

There are three proposed polling places for Chino

- Chino Airport
 - **Proposed change:** Chino airport is enormous. It is easy to get lost. A place is needed in southern Chino. There must be excellent directions to the polling place, which San Berdo County usually does not provide. I think too many people will get lost. I don't know Southern Chino so I don't know another place to suggest. Only people around the Preserve live near here
- Chino City Hall
 - Okay. Good for downtown
- Chino PD
 - Okay. Good for Northern Chino
- **Suggestion:** There is no place for the core of residents south of City Hall. A place is needed near Ayala Park, the city's main, very large, park. Perhaps use Ayala's community center/office by the batting cages.
