Blue Mountain Fire in Grand Terrace

Staff Writer, City News Group

Posted: November 25, 2020 at 5:01PM

Yesterday evening Grand Terrace residents saw clouds of smoke rising up from Blue Mountain. At approximately 4:52 pm, the **San Bernardino County Fire** reported that a vegetation fire had spread on Grand Terrace's famous landscape, Blue Mountain.

Several residents took to social media providing updates on the fire for their community members. One of Grand Terrace resident's Shannon Mead posted a photo on Twitter depicting a "view of the fire from my backyard," in which it is a clear photo of bright orange and yellow flames peeking up over the rocks on Blue Mountain not appearing very far from local houses in the area.

At the time of reporting, 4:52 pm, the **San Bernardino County Fire** announced that the fire had burned 2.5 acres of Blue Mountain and was 0% contained. Due to the vicinity of the vegetation fire, the San Bernardino County Fire teamed up with the Riverside County Fire Department to help put out the flames.

Less than an hour later at 5:34 pm, **San Bernardino County Fire** reported that the Blue Mountain vegetation fire forward rate of spread stopped leaving approximately 5 acres burned. At this time Crews began transitioning to mop-up operations.

This is the last update by **San Bernardino County Fire**, as of November 25 at 11:00 am the cause of the fire is unknown.

Nearly 3,000 firefighters from nearly 300 agencies joined together to defend our communities in September and October from the Glass fire, which burned 67,484 acres while destroying 646 homes and 346 commercial structures. As we reflect on what we are grateful for today, let's take a moment to remember the men and women who came to our aid as wildfire threatened Sonoma and Napa counties.

Holiday Cooking Safety Tips from County Fire

Staff Writer, z1077fm.com

Posted: November 25, 2020

Although our Thanksgiving get-togethers may be smaller than in years past, thanks to COVID-19, most families will still cook and eat a traditional meal of roast turkey with all the fixings. Ernest Figueroa offers these safety tips from the **county fire** department for cooking your holiday meal...

This holiday make sure to practice some basic safety precautions when you're cooking that special dinner. Stay in the kitchen while preparing food. Never leave food cooking on a stove unattended, especially if you are frying, grilling, or broiling food. Don't wear loose clothing or dangling sleeves around a stove. Keep anything that can burn, like pot holders, wooden spoons, towels, bags or food packaging, away from your stove. Keep small children out of the kitchen while hot food is being prepared. If a fire starts in a pan, put a lid on it and turn off the burner. If a fire starts in the oven or microwave, turn off the heat source and keep the door closed. Then call 9-1-1.
