Such open fires shall be conducted by a licensed professional or other responsible person, and inspected by fire department personnel, who shall determine that local climactic conditions are safe.
- Per the South Coast Air Quality Management District, residential burning of trash, yard clippings and tree trimmings are **ALWAYS** prohibited in the Mountain and Valley areas regardless of conditions.
- Regardless of location or permit conditions, **ALL** open fires (except for fires fueled solely by natural gas or propane) must be extinguished during Red Flag or Fire Weather Watch Conditions, when local winds exceed 10 miles per hour or when directed by Fire Department personnel.
- Please check with CalFire within State Responsibility Areas, the United States Forest Service (USFS) within the Angeles and San Bernardino National Forests, or the Bureau of Land Management (BLM) within outlying desert regions for additional restrictions and permitting requirements.

Unlawful fires may result in administrative or legal action against the person kindling the fire and/or the owner of the property on which the fire occurs.
