RE: Parcel # _____

As a public safety official (as defined in Government Code section 6254.24), I am concerned about my name appearing on the property tax assessment rolls of San Bernardino County. Given the nature of the business I am involved in, there is reason for concern about the personal safety for my family and me. I believe that disclosure of my name on the assessment roll may subject me or my family members to a risk of bodily injury and thereby interfere with the due administration of justice. For these reasons, I request that the Assessor's Office not display my name as the current owner of the parcel noted above on the assessment rolls and any of the Assessor Information Systems.

I make this request with the full understanding the property ownership will be changed to a unique number identifying my ownership in this parcel, that the mailing address will remain as it is (unless I submit an address change request in writing), that I may rescind this request in writing at a later date, and that I assume full responsibility for the timely payment of all tax billings whether a bill is delivered to my address or not.**
