

## Massage Clinic Self-Inspection Checklist

The San Bernardino County Department of Public Health Division of Environmental Health Services (DEHS) is responsible for ensuring that massage clinics operating within contracted cities and the unincorporated areas of the County are properly maintained. Specifically, DEHS looks for issues that pose a threat to the health, safety and welfare of County residents and guests. To achieve these objectives, DEHS conducts annual inspections of these properties. The following guide is meant to assist operators in meeting the goals of this program. For more information on codes, follow this link: [Massage Ordinances](#) and browse 41.908-15
