Please be advised that the County of San Bernardino, Department of Public Health, Division of Environmental Health Services – Local Enforcement Agency (LEA) received and approved a Registration Permit Tier for a Medium Volume Transfer/Processing Facility (MVTF) for Rim of the World High School Medium Volume Transfer Facility otherwise known as Clean Mountain Site – Rim of the World High School (RWHS). The LEA is certified by the California Department of Resources Recycling and Recovery (CalRecycle), to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active transfer stations.

Description of Project and LEA’s Determination

Rim of the World High School Medium Volume Transfer Facility is located at 27380 Highway 18, Lake Arrowhead, CA 92352. On October 28, 2019 the LEA received, from Burrtec Waste Industries, Inc., the official submittal of an application for a Registration Permit in a CIWMB Form 83(rev. 12/96). The site was previously authorized under an Enforcement Agency (EA) Notification as a Limited Volume Transfer Operation (LVTO). Authorization as an LVTO limited the maximum amount of municipal solid waste (MSW) that can be received up to 15 tons per day or 60 cubic yards per day. The submittal for a

Registration Permit as a MVTF will allow RWHS to receive up to 50 tons per day of MSW. The facility will be open Saturdays and Sundays from 8:00 AM to 3:00 PM to the public. Loading of materials into trucks and containers may occur up to 6:00 PM. The facility will be operating in 0.5 acres of the Rim of the World High School parking lot. The facility may handle municipal solid waste, green, waste and recyclables.

Rim of the World High School Medium Volume Transfer Facility shall follow all minimum standards applicable to it, as set forth in Title 14, Division 7 of the California Code of Regulations (CCR), including but not limited to the following:

- Title 14, Division 7, Chapter 5 Article 3, (Regulatory Tier Requirements) and
- Title 14, Division 7, Chapter 3 Articles 6.0, 6.1, 6.2, 6.3, and 6.35 (Transfer Processing Facility Regulatory Requirements)

The LEA accepted the application as complete and correct and approved the facility to operate as a MVTF on November 27, 2019.
