Please be advised that the San Bernardino County, Department of Public Health, Division of Environmental Health Local Enforcement Agency (LEA) received and accepted a Report of Facility Information (RFI) amendment to Report of Composting Site Information (RCSI) for the Circle Green Tech Park. The LEA is certified by the California Department of Resources, Recycling and Recovery (CalRecycle), to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active and closed landfills.

### Description of Project and LEA's Preliminary Determination

The Facility is located at 17900 Sheep Creek Road, El Mirage CA, 92301 within the unincorporated portion of San Bernardino County and within the Phelan Pinon Hills Community Services District's (PPHCSD) service area. The Facility is on 72.2 acres which was formerly Meadowbrook Dairy. The Facility is permitted to Operate a Compostable Materials Handling Facility and will primarily source compost feedstocks from the Inland Empire and High Desert regions within San Bernardino County. This Facility does not compost biosolids. On June 3, 2024, the LEA received, from the Applicant, an application for a Report of Facility Information (RFI) Amendment. The purpose of the RFI Amendment is to update the Owner and Operator Information throughout the document as a result of the sale of the property. No changes to the design or operation of the facility were proposed with this amendment.

The changes include the following:

- Updates to the Owner and Operator including contact information throughout the document.
- Updates to the name of the owner throughout the document.
- Substitution of the word "facility" with "Facility" throughout the document.
- Substitution of the name "Circle Green" with "Rainbow" throughout the document in reference to the new owner.

The LEA finds that the proposed change is consistent with all applicable CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA accepted the amendment on June 13, 2024.

### Where to get additional information

A copy of the approved application for the RFI Amendment is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave., 2<sup>nd</sup> Floor, San Bernardino, CA 92415.
