¹If you reasonably believe you have an emergency medical condition, call 911 or go to the nearest emergency department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage* or other coverage documents.

²This is a contracted Plan facility. The Emergency Department at this facility is not appropriate for urgent care. Use of the Emergency Department for urgent care may not be paid for by Kaiser Permanente.

³An urgent care need is one that requires prompt medical attention, usually within 24 or 48 hours, but is not an emergency medical condition. This can include minor injuries, backaches, earaches, sore throats, coughs, upper-respiratory symptoms, and frequent urination or a burning sensation when urinating.

⁴Only new prescriptions can be filled at this pharmacy, and they must be filled during the hours specified. Refills must be obtained from a Kaiser Permanente pharmacy.
