

Contractor List

The following is a list of contractors who have attended and participated in the County's Fire Hazard Abatement informational meeting. These contractors have attended this meeting to understand the County's Fire Hazard Abatement Code, the Fire Hazard Abatement process, the different types of fire hazards found on a property, and general County standards for fire hazard abatement. While these contractors have attended this informational meeting, the County does not evaluate, supervise, monitor, or otherwise warrant the quality of these contractors, nor does the County endorse any contractor on this list over any other contractor. Property owners are not obligated to select a contractor from this list, it is being provided as a courtesy to assist property owners.
