

HMIS Data Quality Report Card

Sample Reporting Period 10/1/2018 to 7/31/2019

PROGRAM INFORMATION

Agency Name: **US Veterans Inc**

Data Quality and Completeness

Complete and accurate records are required to ensure data quality. Required Data that is missing, incomplete or not collected has a negative impact on the quality of data. The higher a programs' percentage of missing or erroneous data, the less useful the data becomes.

Total Clients Served: 280

Income and Sources (4.2) at Exit	0	0.00%

Fields with values over 5% errors.

Fields with values 5% or less.

Fields with no errors.

Error rate includes data not collected, missing information, client doesn't know and client refused options. A program should have less than a 5% error rate in order to ensure accurate data. Missing intake and exit data needs to be reviewed by staff on a regular basis. Any additional Data received from the client after enrollment, should be entered into the Homeless Management Information System (HMIS) within a timely manner.

HUD Policy: A 95% standard of completeness rate for all funded homeless projects should be established and expected. Programs should work toward ensuring that 95% of all required data elements for each client served are collected and entered correctly into the HMIS.

PROGRAM INFORMATION

Agency Name: **US Veterans Inc**

Data Timeliness

Type	0 days	1-3 days	4-6 days	7-10 days	Over 10 days	Average
Entry Timeliness	46	88	8	1	32	15.80
Exit Timeliness	25	57	22	17	25	8.67

This report calculates the difference between the program entry date specified for the client and the date the client's application was entered into the system. For example, if a client's Program Entry date of "April 4, 2016" was recorded on "April 9, 2016," then the report would calculate a 5 day lag time in recording data. The report groups the number of applications by program and has 5 buckets for the number of days an application has been lagging.

HUD Policy: Data entry should be current within 5 business days of intake, exit, and service provision.
