

HMIS Data Quality Report Card

Sample Reporting Period 10/1/2020 to 6/30/2021

PROGRAM INFORMATION

Agency Name: **SB DBH/HA**

Data Quality and Completeness

Complete and accurate records are required to ensure data quality. Required Data that is missing, incomplete or not collected has a negative impact on the quality of data. The higher a programs' percentage of missing or erroneous data, the less useful the data becomes.

Total Clients Served: 896

Destination (3.12)	0	0.00%
Income and Sources (4.2) at Start	157	20.96%
Income and Sources (4.2) at Annual Assessment	133	26.28%
Income and Sources (4.2) at Exit	38	52.05%

Fields with values over 5% errors.
 Fields with values 5% or less.
 Fields with no errors.

Error rate includes data not collected, missing information, client doesn't know and client refused options. A program should have less than a 5% error rate in order to ensure accurate data. Missing intake and exit data needs to be reviewed by staff on a regular basis. Any additional Data received from the client after enrollment, should be entered into the Homeless Management Information System (HMIS) within a timely manner.

HUD Policy: A 95% standard of completeness rate for all funded homeless projects should be established and expected. Programs should work toward ensuring that 95% of all required data elements for each client served are collected and entered correctly into the HMIS.

PROGRAM INFORMATION

Agency Name: **SB DBH/HA**

Type	0 days	1-3 days	4-5 days	Over 5 days	Average
Entry Timeliness	60	23	5	811	276.87
Exit Timeliness	5	7	1	72	84.71

This report calculates the difference between the program entry date specified for the client and the date the client's application was entered into the system. For example, if a client's Program Entry date of "April 4, 2016" was recorded on "April 9, 2016," then the report would calculate a 5 day lag time in recording data. The report groups the number of applications by program and has 5 buckets for the number of days an application has been lagging.

HUD Policy: Data entry should be current within 5 business days of intake, exit, and service provision.
