PROGRAM INFORMATION

Agency Name: **Knowledge & Education For Your Success**

Type	0 days	1-3 days	4-5 days	Over 5 days	Average
Entry Timeliness	1802	494	209	622	10.09
Exit Timeliness	1502	152	90	235	4.21

This report calculates the difference between the program entry date specified for the client and the date the client's application was entered into the system. For example, if a client's Program Entry date of "April 4, 2016" was recorded on "April 9, 2016," then the report would calculate a 5 day lag time in recording data. The report groups the number of applications by program and has 5 buckets for the number of days an application has been lagging.

HUD Policy: Data entry should be current within 5 business days of intake, exit, and service provision.
