DISCUSSION:

- With the PIT date for the unsheltered homeless count set for January 23, 2024, Pastor Jessica opened up the discussion that it is not mandated to facilitate an unsheltered count every year. It is only mandated every other year. Currently only the shelter count is a yearly mandate. One point of discussion was to defer our count for 2024 so that our CoC can better plan for delivery of current homeless population needs. The majority of members voiced that they preferred to still do the homeless count, as although just a snapshot in time, it helps them gage their needs. OHS Chief Dilliard is conferring with our HUD representative to see if there would be any consequences or loss of funding if the count is deferred.

CLOSING:

- Announcements – The registration link for the Homeless Summit will be released soon. Be sure to register as soon as possible as space is limited and by invitation only to the agencies active in the HPN and Regional Steering Committees.
