Focusing on a sustainable system of housing and homeless prevention

## Central Region Coordinated Entry System Hub Office - Family Assistance Program

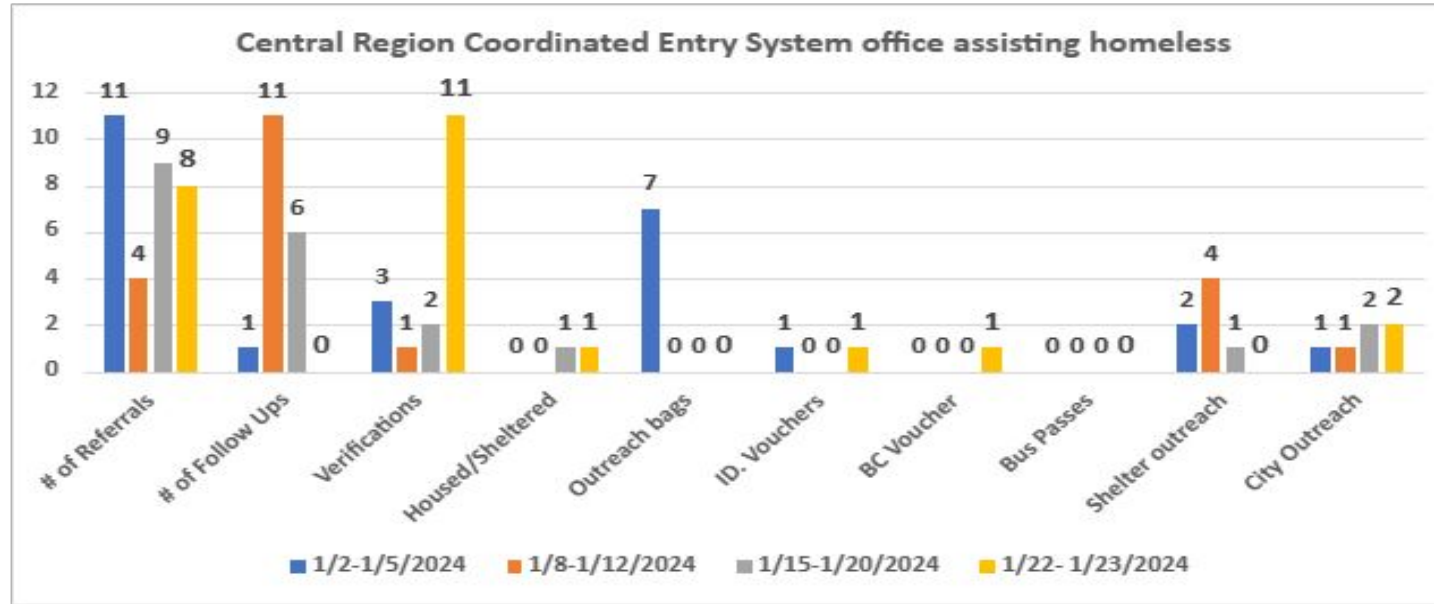

1. Persons in crisis calls 211 call center; 211 call center screens caller; completes a VI-SPAT on them.
2. 211 refers by email the caller to FAMILY ASSISTANCE PROGRAM or BENJAMIN E. JONES RESOURCE CENTER.
3. We review callers VI-SPDAT in HMIS and call the person to meet and complete a Homeless Verification Form (HFV) on them that confirms their housing crisis. We also have developed an intake form asking (1) substance use etc. (2) a change in their condition (3) have they been outreached to (4) do they need medical help (5) would family reunification be possible.
4. We upload HFV in HMIS. We place person on a Case Management List (Follow-Ups) and call weekly.... while trying to place them into shelter or housing.
5. We report weekly “new homeless” to 211, Office of Homeless Services & City partners.
6. We outreach “connecting” with shelters and housing to understand (1) their admission criteria and (2) bed availability and (3) plans to expand.

*Focusing on a sustainable system of housing and homeless prevention*

## Central Region Coordinated Entry System Hub Office - Family Assistance Program

What have we learned - labor intensive to place a homeless person

Typical referral by 211 is a woman, City of San Bernardino

Multiple calls are needed to convert a referral to a verification

80% of referrals have been women - drug use and mental health issues

We are looking for a mental health partner for our homeless verifications
